1949 FRUIT CROP THREATENED AS DROUGHT ENTERS 4th WEEK

At the time of writing many thousands of persons stand to be seriously affected by something over which no mortal man has the least control.

Not only will the farmer suffer from the devastating drought that is now well into its fourth week, but also the many other vocations in one way or another connected with the success or failure of the fruit crop—the bread and butter of a great percentage of Niagara Fruit Belt citizens.

Already an oft times scorching sun has cut short the strawberry crop, as Nature cannot cope with a situation without benefit of life-giving rain. Estimates by men who know the statistics surrounding Niagara's strawberry crop vary anywhere from ten to twenty-five percent. This then has already affected the grower who has laboriously worked his land, hopeful of making that all-important spring dollar.

As the owner of a local farm equipment agency said, "Were it not for the lack of rain, those implements right there would have been sold." This then is how two persons already have lost because of the present drought.

TREE FRUIT PROSPECTS

As most of us are aware an extremely heavy crop of tree fruits has been forecast for the summer of 1949. With the possible exception of sour cherries, and this crop is not general, most growers are preparing for one of the heaviest harvests in a number of years. Early peaches and plums are ex-

WINONA LEGION HALL OFFICIALLY OPENED BY LIEUTENANT GOVERNOR

The Winona Legion Hall was the scene of an epoch marking start toward many years of useful service when it was officially opened by Lieut. Col. The Hon. Ray Lawson, C.B.E., L.L.D., C.C.L., Lieutenant Governor of Ontario, on Sunday afternoon at 4:15 p.m.

Boys scouts from the Winona Troop under the leadership of Scoutmaster Geoffrey Hambrook lined the pavement from the Legion Hall to the street. Major J. A. Biggar, R.D., welcomed the Lieutenant Governor and his party. Mrs. Lawson, the Governor's Aide Major John Stratton, representing G.O.C. Command, Lt. Col. F. L. Ovens and Mrs. Ovens accompanied by Brigadier Armand Smith, O.B.E., M.C., E.D., Honorary President of Winona Branch. Present also were Frank Leonard, M.P. West, and Mrs. Leonard. The Lieutenant Governor was handed scissors by little Donald Baisley, whose father Lt. Reg. Baisley, was killed at Dieppe, and cut the ribbon stretched across the doorway. The party was joined by Mrs. J. A. Biggar, escorted to the flag decorated platform at the west end of the Hall, and seated. Representing the various Legion Branches were Mr. Charles Gates, (Continued on Page 8)

HI YAI! DAD!

This Sunday, June 19th, is Father's Day, a day now well established in Canadian tradition as the time to honour the paternal head of the family.

It is not strange that the idea originated not on the male side but from the sentimental feelings of a mother, who looking back on the kindness and courage of her own father who raised six motherless children, wondered if perhaps mother did not receive more appreciation than does the breadwinner.

The first Father's Day was celebrated in June, 1910, and ever since the idea has grown as well it should. This Sunday Mom can look proudly on as the children climb up on Dad's knee and let him know in their own way just how much he means to their way of life. Congratulations, Dad!

H. TUER ANNOUNCES OPENING OF "THE OLD HOMESTEAD"

GRINNING SKULL IS BRYDON'S INSPIRATION

The Grimsby Police Officers have recently received a thorough cleaning and redecorating job, and in the process a rather unique discovery was made. In some dark and musty corner was found what might have been the makings of a real story, a tale of murder and intrigue, except that it was found in a police office. The find in question was what the staff of this paper have affectionately named "Oscar." Oscar is a skull.

When one considers his age, Oscar is quite well preserved. True his lower jaw is missing but he still has ten teeth in the upper one and five of these are quite solid. (Continued on Page 7)

When Thomas Hewitt made plans for the building of a farm home nearly a century ago, he apparently was very partial to spacious rooms—and plenty of them. His son, John, also had the same ideas, for when he took over the house built by his father, he added more rooms. As the home under consideration passed out of the Hewitt family, Charles Wouters took over, apparently the home did not appear big enough to him—so another addition was made.

Well, all this building naturally left a very spacious and yet beautiful home which was purchased from the Wouters Estate some twelve years ago by Mr. Harry Tuor, Attorney at Law of Detroit Michigan. For nearly nine years Mr. Tuor and his family resided in

LION'S MEDALIST

EARLE METCALFE

Earl was the winner, this year, of the Grimsby Lion's Club Medal, which is awarded annually to a male student of the local High School. Earl was born in Grimsby and has lived here for all of his 19 years. He went to public school at H.S. No. 13 up on the hill, and has attended High School here for the last five years. "Squirrel," his friends affectionately call him, is an excellent athlete whose favorite sport is hockey but almost anyone will tell you that he also excels in baseball, basketball and football. He was one of the Triumvirate which effectively turned out the school column this year and was as well a member of the Writers' Club at the High School.

The following is the historical statement prepared by Mrs. Mitchell:

HOWE ATTACKS C. BRUCE HILL

Speaking on behalf of Harry P. Cavers, Liberal Candidate for Lincoln, Hon. C. D. Howe, Dominion Cabinet Minister, aimed a personal attack on C. Bruce Hill, Progressive Conservative candidate for Lincoln.

Labelling Hill as a salesman for monkey wrenches, Howe took considerable time to ridicule in his St. Catharines appearance. Mr. Hill who is the owner-manager of a most successful plant.

The following night, Mr. Hill, speaking at Niagara-on-the-Lake, answered the Cabinet Minister in a most efficient manner, his short but extremely potent address appears as follows:

"It was never my intention to indulge in personalities in this campaign but the Hon. C. D. Howe has seen fit to come to this county and in a speech in St. Catharines, last night, falsely accused me of attacking Government officials unable to defend themselves and he also ridiculed me as a salesman of 'Monkey Wrenches.'

SALTFLEET DEDICATES MEMORIAL TO MEN OF WORLD WAR II

By Islay Wickham

A stirring and deeply impressive ceremony took place on Sunday, June 12th, at 2:30 p.m., at the Memorial Grounds, Saltfleet, when Lieut. Col. The Hon. Ray Lawson, C.B.E., L.L.D., D.C.M., Lieutenant Governor of Ontario, unveiled the new Saltfleet Township War Memorial.

The opening scene was both memorable and dramatic as His Honour, the Lieutenant Governor inspected a veterans guard under the command of Major J. A. Biggar, R.D., and composed of Branch No. 186 of Winona, guests of the Stony Creek Branch, Grimsby Branch, and other veterans of the township. At the same time, a flypast through the courtesy of Wing Cmdr. D. D. Ansan, D.F.C., A.F.C., C.O., No. 424 City of Hamilton Squadron (Aust) R.C.A.F., in tribute to their fallen comrades.

Lieut. Col. Lawson with Mrs. Lawson, his Aide Major John Stratton, Lt. Col. D. L. Ovens and Mrs. Ovens were then seated with officiating dignitaries at the base of the Memorial for World War I. Seated with the Lieutenant Governor's party were Brigadier Armand Smith, C.B.E., M.C., R.D.,

(Continued on Page 7)

CORNERSTONE PLACED SUNDAY MORNING FOR TRINITY ADDITION

At a brief service held last Sunday afternoon in the church yard, the corner stone of the new addition to Trinity Church was laid. Rev. A. L. Griffiths was in charge of the service which opened the ceremony. This was followed by a reading of a historical statement prepared by Mrs. G. P. Mitchell. The reading was done by Mr. A. F. Hawke, who has been associated with the Methodist and United Churches in Grimsby for the past 21 years.

Documents placed in the stone, which was laid by Mr. Murray Beamer, were a copy of the order of service for last Sunday, a copy of the special order of service for the ceremony, a brochure which outlined the work done on the addition and a list of church officials and members.

Mr. Beamer, who laid the stone, has been a resident of Grimsby for somewhat more than 60 years and a member of the Presbyterian and United Churches. Mr. Beamer was present at the laying of the cornerstone of the present church.

A letter from Rev. Watt, Mr. Griffith's immediate predecessor, was read. Mr. Watt expressed the regret of his wife and himself at not being able to attend the ceremony.

The following is the historical statement prepared by Mrs. Mitchell:

POLICE VACATIONS MAIN TOPIC AS SCOTT BOOSTS TOWN FORCE

NEW HOME AND OFFICE OF VERNON TUCK

Planned by the Office Planning Department of Bausch & Lomb Optical Company, of Rochester, N.Y., the new headquarters of Vernon Tuck, Grimsby optometrist located at the corner of Main and Kingway Boulevard on the Aitchison Terrace Survey are now open.

Located for a number of years on Main west, in the centre of the business section, Mr. Tuck recently moved to his new home and offices, and is now prepared to again serve his many customers and friends.

It was only natural that he should give great consideration to the planning of his new offices, and as a result he now has a most attractive and efficient layout, from which to better serve those requiring his services in the optometry field.

A feature which will be appreciated by all visiting the Tuck Optical Parlor is the air conditioning system which keeps an even temperature in winter and summer, and assures one of the greatest degree of comfort possible.

Completing the transition, Mr. Tuck has equipped his place of business with the latest refracting instruments, to further guarantee a complete and thorough examination of a man's most priceless possession—his eyes.

AUTOMATIC SIGNALS AT NELLES KERMAN AVENUE CROSSINGS

INSURANCE PROTECTS MEMBERS OF JUNIOR OPTIMIST CLUB

Meeting at the Village Inn for the second to last dinner meeting, prior to closing for the summer months, the Optimist Club of Grimsby, with President Gordon McCalfe presiding, welcomed George Marfil as the newest member of the club.

Meeting at the Village Inn for the second to last dinner meeting, prior to closing for the summer months, the Optimist Club of Grimsby, with President Gordon McCalfe presiding, welcomed George Marfil as the newest member of the club.

Following dinner, a sports reel of the 1948 World Series was shown, courtesy of Hiram Coke, Hamilton. The baseball picture put members in the mood to discuss the Optimist Picnic which has been planned by Bill Aman of the Programme Committee. On Wednesday, July 6, the senior Optimists will join forces with the Juniors, and hold a combined picnic and sports day at Grimsby Beach, where Wray Betts, President of the Beach Cottagers' Association, is looking forward to welcoming the Optimists.

The main body will leave from the Library at 3 o'clock on that date, whichever weather it may be.

The need for increased storage would indicate the permanency of this valued Grimsby industry. Officials of United Distillers Ltd., were not at liberty as yet to state of what construction the new addition would be composed of. It was necessary to take out some fairly good sized maple in order to clear the way for the construction work, and a considerable amount of fill was dumped at the rear of the premises, where it is possible, additional building may be anticipated in the future.

During the afternoon a program of sports will be on, also softball games and so on that the seniors will attempt play at least a few innings and the slightly better conditioned Juniors.

Bob Hyland and Jackandicks reported that the sale tickets

(Continued on Page 8)

BUILDING NEW STORAGE UNIT AT DISTILLERY

Excavation work has been completed on the United Distillers property, Oak Street, and according to Manager Frank McPhail, a storage warehouse measuring sixty by one hundred feet will soon be erected.

The need for increased storage would indicate the permanency of this valued Grimsby industry. Officials of United Distillers Ltd., were not at liberty as yet to state of what construction the new addition would be composed of. It was necessary to take out some fairly good sized maple in order to clear the way for the construction work, and a considerable amount of fill was dumped at the rear of the premises, where it is possible, additional building may be anticipated in the future.

"Jimmy" has built this boat building business up from nothing, until today he never leaves his workshop to look for orders, the people come to him for the Fisher boat built in Grimsby has already made a name for itself.

Just another growing industry for Grimsby, even if it is a dry land shipyards.

J.C. CLEAN-UP IS PRAISED BY COUNCIL AND MERCHANTS

The Grimsby Jaycees brought their Paint-up Clean-up Campaign to a successful completion last Friday when they gave the Main St. a careful going over with a D.D.T. sprayer. At the same time another crew carefully scraped the stencils off the windows of the merchants.

The town as a whole seemed to be pleased with the campaign and Jaycee President O'Brien said that he had received numerous congratulations from the citizens. The town council also expressed its appreciation in a motion passed at its last meeting.

On Thursday night last the boys were out in force to paint crosswalks at the major crossings. They started at the Main St. and Depot St. corner where they painted both crosswalks and marked out the restricted areas for buses only. Then they moved up to the corner of Main and Livingston and painted a crosswalk for the benefit of the (Continued on Page 8)

GRIMSBY SHIPYARDS IN NEW LOCATION

For the third time in five years Grimsby Shipyards, the only shipyards in Canada that are located entirely on dry land, have moved again. This time they are located upstairs in The Independent building. Did you ever hear tell of a shipyards being located upstairs before?

James Fisher five years ago started building light boats of all descriptions, row boats, boats to be propelled by a pull-pull motor, boats to be driven by an engine and light cabin cruisers.

His first location was in the building in the rear of the Russ Apartments. Then he was upstairs in the old Sutherland block; then he moved to a building in the rear of the Stevenson property on Mountain street; now he is upstairs in The Independent block, where he has space enough to have as many as five boats under construction at one time.

"Jimmy" has built this boat building business up from nothing, until today he never leaves his workshop to look for orders, the people come to him for the Fisher boat built in Grimsby has already made a name for itself.

Just another growing industry for Grimsby, even if it is a dry land shipyards.

FRUIT CROP CONDITIONS AS SURVEYED TO END OF MAY

The Ontario Fruit and Vegetable Statistics Committee in cooperation with the Fruit Division of the Dominion Department of Agriculture, have prepared the following information on the condition of fruit and vegetable crops in Ontario as at May 15th, 1949.

Fruit - Western Ontario
Except for some slight residual effects of drought conditions during last year, all tree and small fruit plantations came through the winter in very satisfactory condition. The absence of extended sub-zero temperatures and relatively light volume of snowfall combined to reduce freezing injury, rodent damage and snow breakage to a marked degree except for some mouse girdling reported in Middlesex-Huron-Lambton. Generally mild temperatures, early disappearance of snow and rapid drying of soil all contributed to encourage extensive pruning and orchard renovation, dormant spraying and early soil cultivation. A sharp frost in mid-April caused some damage to cherry and pear buds in localized areas in Norfolk. Subsequent relatively warm weather induced

Facts • And • Fancies

FRANK FAIRBORN, JR.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

GRIMSBY SHOULD BE PROUD

(As dictated to a stenographer)

Last week there came off the presses of The Independent a wonderful booklet, not so wonderful because "Little Dyke" and his staff turned it out, because they are accustomed to turning out high class jobs of printing, but wonderful because the actual producers of that booklet were Grimsby High school pupils, the sons and the daughters of you, Pa and Ma.

There is no doubt that "Little Dyke" and his staff and this writer are mighty proud of the booklet, from a typography standpoint, but that is our business. The real credit goes to Mrs. Johnston, a teacher on the school staff and the kids who produced the copy, the advertisements and the pictures. The photographic work, which was of a very high calibre was produced by John Milyard and Robert Aldrick. All told, it is a total Grimsby production.

This booklet which is the yearly book of Grimsby High is a great piece of work to all concerned and particularly to the editorial staff of "Studentus," the name of the book. Hours and hours and thousands of hours were put in jointly by the staff both in preparing very high quality editorial matter but in securing the great quantity of advertising which the book contains, and above all it was prepared in a fine manner and given to the printers on scheduled time, which was something remarkable in cases of this kind.

The book, 112 pages and a four page red cover printed in black ink, is without a doubt a wonderful achievement. I doubt if there is a High School in Canada or even a Collegiate Institute in that great Hogtown City of Toronto that has ever produced a booklet as large as this one and of such a high quality of material.

COMMUNITY RECREATIONAL COUNCIL

Grimsby is going to have a Recreational Council. You have probably seen it in the paper and heard it talked over along Main St. during the last week or so. By the time that this appears, the town council will no doubt have passed the by-law which will officially appoint the council and thus inaugurate in Grimsby one of the most worthy projects yet undertaken in the town.

In recent years, the local Lion's Club has been doing something during the winter for the younger boys of the town by means of their midget hockey league but until now there has been very little done in the way of summer recreation. This summer, however, is the time when the children are out of school and hence is the time when they find idle hours to get into trouble. A group of local men began to investigate the possibility of hiring a Recreational Director who could organize a summer sport's programme. During the course of their inquiries they discovered that if the town council appointed a Recreational Council it would be eligible for grants from the Dept. of Education which would greatly increase the scope of the work which could be done. As a result the movement toward the council was started.

It is to be a co-operative effort. The Lions Club, which for some time has cherished the idea of starting some such move-

ment, provided the original impetus and at once went to the Optimists who had already made plans for a programme of their own. The common purpose of the two brought the two organizations into amicable agreement at once and it was decided that they would work together. As well as the Lions and the Optimists, other interested organizations will receive representation on the seven man council. These will include the town council and several of the youth organizations.

The Central Ontario District of the Community Programmes Branch of the Department of Education, is the official title of the body which is to provide the financial aid. It will also supply expert advice to the Recreational Director in order that he may compile a programme suitable to the conditions and equipment available to him.

From the above brief sketch it can be seen that although the movement is new it is not a minor one nor is it without support. The organizations mentioned are, or seem to be, solidly behind the idea and for good reason.

If there is any one thing that the future of a town such as this depends on it is its children. The men behind this movement seem to realize this and are looking to bigger and better things for Grimsby.

MANY MEN OF GREAT ABILITY IN CONSERVATIVE PARTY

A score of able and experienced public men are taking part in the campaign on the Conservative side and from amongst their number, if the electors give him the opportunity, George Drew will be able to form a strong and capable cabinet. It is impossible in a single article to name them all and outline their public service, but three of Mr. Drew's chief lieutenants deserve special mention here. They are John G. Diefenbaker, J. M. Macdonnell and Gordon Graydon. All were members in the twentieth parliament.

Mr. Diefenbaker was first elected to parliament in 1940 and rapidly established a reputation as the ablest debater on the Opposition side of the chamber. His indefatigable labors in the Commons during the war years, examining and debating the government's policies cannot be forgotten. He not only earned the attention but also the respect of all the parties as a sincere and patriotic man seeking to serve his country. More than anyone he brought to the attention of the country the dictatorial methods of the ministry and its habit of governing by order-in-council. He has been a champion of the rights of individuals and minorities and was the first to urge the adoption of a bill of rights. Because of Mr. Diefenbaker's legal attainments he has frequently been mentioned as a suitable choice for the portfolio of Justice.

High in the counsels of the party stands

J. M. Macdonnell who represented Muskoka-Ontario in the twentieth parliament. Before entering political life Mr. Macdonnell was the general manager of a large trust company and his experience in finance qualified him for the post of Opposition critic. In a Conservative government he would almost certainly be chosen for the portfolio of Finance, where his practical knowledge of business affairs would replace the impractical theories of the present Finance Minister and his "brain trust."

Mr. Graydon has been in Parliament since 1935. He was Opposition leader from 1942 to 1945 and has been a Canadian delegate to several sessions of the United Nations. Mr. Graydon has specialized in international affairs and in a Conservative cabinet would probably be selected as Minister for External Relations.

These three men—Diefenbaker, Macdonnell and Graydon—are well known to the Canadian people. Their lengthy connection with Parliament has given them a valuable insight into the methods of government. They have faith in Canada and they believe the welfare and security of the people can best be furthered under the free enterprise system as interpreted in the Progressive Conservative party's platform.

Tongue double, brings trouble.

(As dictated to a stenographer)

How many more building projects has Wm. Hewson on that bald pate. Doing a fine job so far.

Johnny "Permanent Wave" Clifford, the sales and service expert (?) tells me that it won't be long until Harris Motors will have plenty of new Fords and Monarchs coming through to satisfy the hungry public. Hop to it, Johnny, optimism is a great thing.

Had the great pleasure the other day noon of meeting the Village Banker right in the middle of the Old Forty Bridge and we had a nice conversation. The first time I have talked to him in five years that my overdrift did not enter into the conversation. Thanks be.

Poika, here is the best news this columnist has heard in a lot of moons. My old friend, your old friend, Jack Puddicombe, the Prince of Winona, is on the way to recovery. He's had a tough time the past three years but the Big Dutchman is on the road back and by the time the peaches are going out in carloads he will be back to his old self and everybody for four concessions will bear him and know it.

Looks to me like the big construction work going on at the United Distillers plant will put a stop to all those gossiping rumors that have circulated around town the past three years about this high class industry leaving Grimsby to locate in another

JUNE ROSES OWE MUCH TO EMPRESS JOSEPHINE

(By Percy Ghent, in The Toronto Telegram)

Rosarians throughout the Americas look forward keenly every year to the All-America Rose Selections announcement. It tells of new roses which after six or more years of study in test gardens are found worthy of praise for their beauty, fragrance, sturdiness and charm. They are the "Oscar" winners of the rose world, and the hope of attaining this honor in recent years has stimulated the research of hybridizers so effectively, that many new rose varieties of radiant beauty have thrilled growers and brought glory to their gardens.

Selections that will be available for the gardens of 1950 have been proclaimed in picture and story in a number of horticultural magazines. Three of the four new roses are hybrid tea. Mission Bells is the pleasing name of one of them. Salmon-pink in color, its gracefully pointed buds are borne in abundance, and another garden gem seems assured. Rose-pink and fragrant, the second hybrid tea, Capistrano, features large and well rounded flowers. Sutter's Gold, the third named, has a flowering time from June to late fall and will help to prolong rose enjoyment. Fashion, the floribunda of the chosen four, opens its buds of oriental red into wavy petals of coral tinged with gold.

Attesting the popularity of the rose and the enthusiasm of the hybridizers is the fact that named varieties now number more than 16,000. Practically all of them have been established during the past 150 years. Before that time a noted horticulturist expressed surprise "that the rose, most beautiful ornament of our gardens, should be treated with so much indifference."

To Josephine, Napoleon's first Empress, goes much credit for what has been termed so happily, the renaissance of the rose. Not only did she love flowers for their own sweet sake, but she had more than a smattering of scientific knowledge concerning their propagation and possibilities for improvement. In her garden at Malmaison all the named varieties of the day were assembled, and they numbered about 250.

Josephine sighed for a blue rose. Her dream was not realized, nor has it been yet. But the effort to produce it by her own gardeners and by the hybridizers of the day, stimulated research and marked the commencement of concentrated endeavors in mass hybridizing for the greater glory of the rose. Rose cultivation became a hobby of the Napoleonic aristocracy and financial aid was available for those working toward the creation of new varieties. One of these scientific growers, Andre Du Pont, seems to have been the originator of hand pollination. Of him, a worshipping contemporary wrote: "He is an enchanter who submits the rose to his magic wand, and forces it to undergo a beautiful transformation." From the time of Du Pont and his co-workers whose zeal and knowledge inspired others, the progress of rose cultivation acquired a momentum leading to triumphs in many lands.

France to this day maintains a proud standing in the world of roses. Any rosarian can recite a lengthy list of lovely examples originating there. But the joyous zest of scientific growers now flourishes around the globe. From the rich gardens of Europe, from the sunny slopes of California, from the

centre. Some day when I get my full sight back I am going to start out and trace down to the fair the people that start those damaging rumors and believe me when I get my hands on them it will be worse than an atomic bomb going off.

I just want to thank and congratulate Beamsville Band for their assistance in helping the Jayses put over their Clean-Up week. It was only a customary gesture on the part of the members of the band. A good many times in the past year I and other Grimsbyites have called upon Beamsville Band for assistance and at no time were we ever refused, and they came without remuneration. They did that the other night. I believe that it is up to our citizens to help the Beamsville Band in their efforts to obtain a new band shell in their village, where they give weekly concerts all summer long, gratis, which you can go and hear and enjoy. Buy a ticket on the Beamsville Band Shell and help the boys out who have always helped us out when we asked them to.

Funny things happen in this world. I was standing in front of Milliard's Apothecary Shop the other afternoon talking to two very fine friends Hugh Campbell and Jack Puddicombe, when along comes my time honored friend Dr. Neil M. Leslie, and he asked me this question "how many pair of braces have you got?" (meaning galluses, of course) and I replied "two." He then told me the anecdote of a late President of the United States asking the members of his Congress that question and they all replied that they only had one pair. Poika, I'm glad I had two pair for when I got home that night I discovered that one strap on the rear end had entirely broken off and the other strap was only hanging by a thread. If that thread had ever give loose on Main Street the death toll would have been terrible. Thanks, Doctor, pleased to have your futuristic advice at any time.

Resting myself on the Danny-Boy the other night when the Bin, Bong on the front porch Bin and Bonged. I let the portcullis down and opened the door and there stood beautiful Jan Graham McCallum and another sweet little girl. Jan handed me a package and said "some strawberries from Red Graham." I accepted the package and believe me they were wonderful berries. What has mystified me ever since is how Red has been able to feed the family on berries and still send some to me off that one berry plant that he has. Could it be that in the dead of the night he has been sneaking over into that great patch of berries that his next door neighbor Archie Chivers has and in a neighborly fashion purloining some? While on the subject of agricultural products Bill House claims that he will be eating sweet corn out of his garden by the time Dominion Day rolls around. For your edification Bill Old Red had green peas out of his garden on Monday. I expect a mess of them for Sunday dinner. Incidentally has Leo Larsen quit growing tomatoes?

JUNE ROSES OWE MUCH TO EMPRESS JOSEPHINE

(By Percy Ghent, in The Toronto Telegram)

gardens of Canadian experts, new roses arrive one by one bringing beauty and fragrance to blest mankind.

Out in Vancouver the rose gardens of Stanley Park have become internationally famous. Suburban streets of Vancouver and Victoria where roses scale the walls and reach the chimney tops present scenes of breath-taking loveliness. There are rose gardens in Toronto and in Old Ontario at large radiant with charm and color beyond words to convey. Happily, the most modest of backyard garden patches can share the glory of the rose. There are varieties brave and hardy that demand little of expert care or spoon-fed coddling.

In the home garden here as we write there's a hybrid rugosa at the peak of its floral splendor. Twelve feet or so in height, its topmost blossoms have the foliage of its neighboring pear tree for background. There are hundreds of roses, yellow, double and fragrant adorning that bush as they have with equal abundance for nearly a score of years as June came to the garden. Arnes is the name of it, and Arnes, sturdy and pest free, is Canadian from root to blossom—a creation of the Government Experimental Farm at Ottawa.

Ontario's Rose Society, and the only one of its kind in Canada, has renewed publication of its Year Book discontinued through the years of war. It is full of information of value to rose growers and its rebirth is welcome indeed. One article by editor Webster deals with rose fragrance. Modern roses, it is commonly deplored, have little or no appeal for the nose. Mr. Webster believes the complaint is often ill-founded. Not modern roses but modern rose oil, he suggests, might be at fault. They don't get up early enough. Fragrance at its best is enjoyed in the cool, dewy moments of early morn, before the sun has diffused the scent-producing oils into the air.

This sounds like a logical argument. We must arise early some bright morning and investigate.

Great famine when wolves eat wolves. A good wife lost, in God's gift lost.

A taught horse, and a woman to teach, and teachers practising what they preach.

FACTS FOR FARMERS

*For Those With
a Long Memory*

**Now Look
at These
Figures---Proof of Prosperity**

Many of you will remember the sudden and disastrous collapse in the prices of all farm products immediately after the first world war. Because the Government of that day—**AND IT WAS NOT A LIBERAL GOVERNMENT**—had no wartime stabilization policy, prices of some products jumped beyond all reason. Then the war ended—there was the inevitable crash—and all farm incomes and values slumped badly. The farmers of this Country were in a bad way. Nothing like that has happened as a result of the second World War. For that happy condition of affairs—for the continuing prosperity of the farmers—they can thank the Liberal Government. Here are the simple facts of the case. It's the dollars you earn on your investment—on your toil that count—here they are—sufficient proof that under the wise policies of Liberalism—Farmers are Prosperous.

Cash Farm Income 1932	\$124,400,000
CASH FARM INCOME 1948	\$668,000,000
Net Farm Income 1938	\$128,250,000
NET FARM INCOME 1948	\$447,200,000

AGRICULTURAL PRICES SUPPORT ACT

In 1943 and 1944, The Canadian Federation of Agriculture put forward the view that because prices of farm products had been brought under a price ceiling to prevent inflation during the war, the Government should provide for a floor price in the post-war period to safeguard the farmers against losses should there be substantial price reductions. The Government readily

agreed to that proposal. It made a definite commitment to the farmers of Canada to support farm prices in the event of abnormal surpluses causing price reductions, and to prevent prices going below the levels which would have meant losses to the farmers. To stabilize prices—to guarantee fair returns to all the farmers of Canada the Government introduced the Agri-

cultural Prices Support Act with a fund of \$200,000,000 at its disposal. This means that the farmers of this country have absolute protection against any slump in prices, and their income will be kept at a level which will enable them to maintain their standard of living. Here again is Liberalism in Action for the Farmers and the people of this country.

THIS CAN BE THE DAWN OF OUR GREATEST DAY!

Canadians have never willingly elected to power a government which has failed to remain faithful to the democratic principle of free enterprise. By their insistence on retaining emergency powers granted for war only, the Liberals have confused and frustrated every branch of our economy by a mass of ever-changing orders and regulations. Canada's future, your own future and the future of your children hang in the balance. On June 27th, vote for the Progressive Conservative Party which will insist on government being the servant of the people—not the master!

HIGHLIGHTS OF PLATFORM

TAX REFORMS

Income tax exemptions will be raised to \$1,250 for single persons and to \$2,500 for married people. Allowances for dependent children will be increased by \$200. The present heavy sales tax, which cuts the purchasing value of the dollar by more than the tax, will be sharply reduced. All unnecessary anachronistic taxes will be abolished.

FARM SECURITY

We will ensure stability of income to farmers by the enactment of permanent floor price legislation. We will incorporate into the Farm Prices Support Act a definite formula for arriving at floor prices, to be set only after consultation with representatives of producers. Floor prices will always be announced well in advance of the production period.

SMALL BUSINESS

With sky-high taxes owners of small businesses have been left with far too little of their profits to carry out desirable programs of expansion. We will grant exemptions to private business where profits are re-invested in enterprise and expansion. We will also encourage business in general by allowing the Canadian dollar to find its own level.

BETTER SOCIAL SECURITY

We will make available to every Canadian by a "Contributory Social Security Program: Retirement Pensions at 65 without a Means test; sickness and disability benefits extended; unemployment insurance benefits with payment for lost time, due to accidents or sickness."

We Further Pledge

- Family allowances paid at the same level regardless of the number of children.
- Immediate completion of the Trans-Canada Highway.
- A free market for gold.
- Government entrepreneurship and increased spending will be cut.
- The development of natural resources to provide jobs for all.

These are but a few of the more important features of the Progressive Conservative Program. For our complete program call your local Progressive Conservative office.

CROP REPORT

The night of May 10th, and almost pronounced in Norfolk, Middlesex-Huron, and Georgian Bay areas. No scale is evident to date and insect injury is not serious except for some Red Mit infestation for which control measures are being applied.

Pears—Most varieties are still past peak of full, very heavy bloom from May 8th to 10th. Light frost damage to bloom is reported from Middlesex - Huron, Peel-York and Georgian Bay.

Plums—Japanese varieties were at or past full heavy bloom by May 8th, even in late areas. European types had reached full, heavy bloom in all districts by May 10th. No insect or disease damage is evident to date, but some frost damage occurred May 10th in Georgian Bay. Elsewhere the injury was negligible.

Peaches—Peaches were at heavy full bloom in Niagara, Norfolk and Essex by May 8th. Very little insect or disease damage is evident to date, and no frost damage is reported. Have apparently set a heavy crop but still too early to be certain.

Cherries—Very heavy bloom was at peak in Sweet varieties by May 4th in Niagara, Middlesex, Norfolk and Essex. May 10th frost destroyed some bloom in Georgian Bay and caused light damage in Middlesex - Huron - Lambton, with very little in other areas. Sour varieties were in full, heavy bloom in all southern counties by May 8th, progressively later elsewhere. About half of the bloom was seriously damaged by frost in Georgian Bay, with irregular and generally light damage in Peel-York and Middlesex - Huron - Lambton counties.

Strawberries—All districts except Essex and Peel-York report narrow, rather poor plant-populated rows in young patches, and fair condition for older plantations. All southern counties reported bloom nearly full by May 10th, with some frost damage to earliest blossoms in the Norfolk, Middlesex-Huron-Lambton and Peel-York areas, and localized districts in Eastern Niagara. Primary berries were evident.

Plums—Most varieties were in heavy bloom. Weather was favourable for pollination with full bloom May 14-16th. Psylla eggs started to hatch May 10th and have now settled down on the leaves.

Apples—Most varieties were in bloom during the first week of May with blossom heavy on all varieties.

Pears—All varieties carried a heavy bloom. Weather was favourable for pollination with full bloom May 14-16th. Psylla eggs started to hatch May 10th and have now settled down on the leaves.

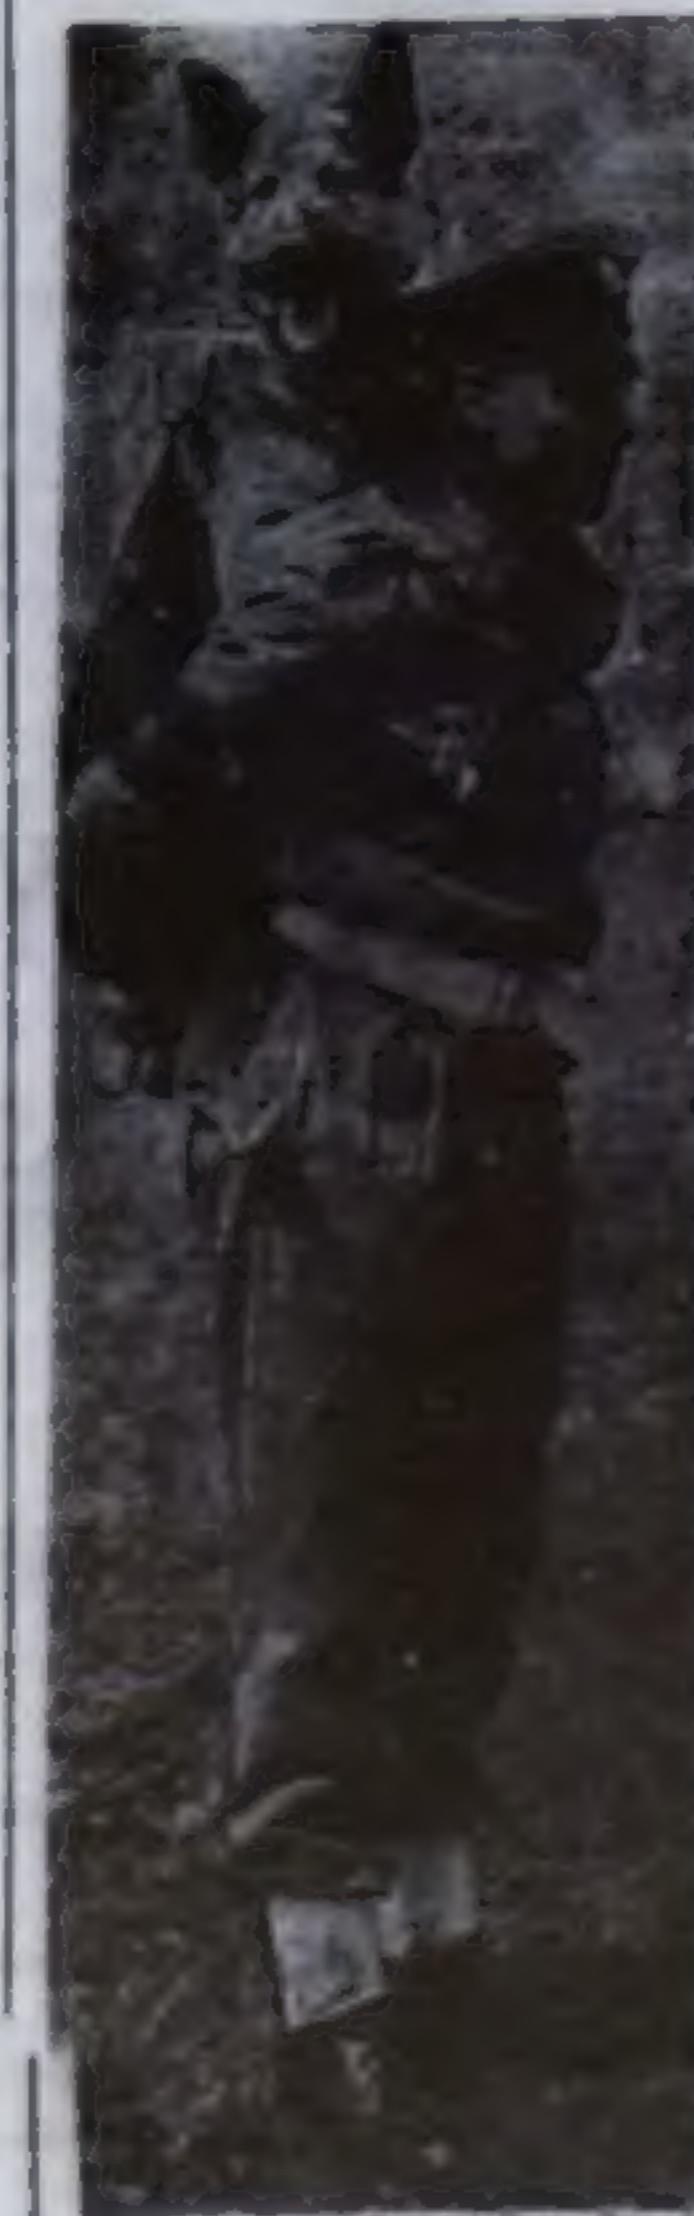

Cherries (Sweet)—Heavy blossom throughout the district. Trees were in full bloom during the second week of May with good pollinating weather. Set of fruit looks good in most blocks.

Strawberries—Most patches wintered in good condition and are now making strong growth. Early varieties are showing a heavy blossom with a good, early set of fruit.

Raspberries—Plantings in general show very little winter injury and are now making excellent growth.

An old-timer is the one who can recall when a pair could last on the sea of matrimony for at least a year.

EXERCISE TESTS CANINE I.Q.

Central Press Canadian
The R.A.F. is training Alsatian dogs for police work on its wide-world stations. Twenty dogs, most of them bred at the R.A.F. Police Dog Training centre at Stevenage, near Gloucester, will stage a public display next month, entitled "R.A.F. Police Dogs on Parade." Here Cpl. Paul of West Bromwich gives "Wolf" a pick-stick ride. This exercise helps to find the intelligence of the dog.

GREATEST ROBBERY

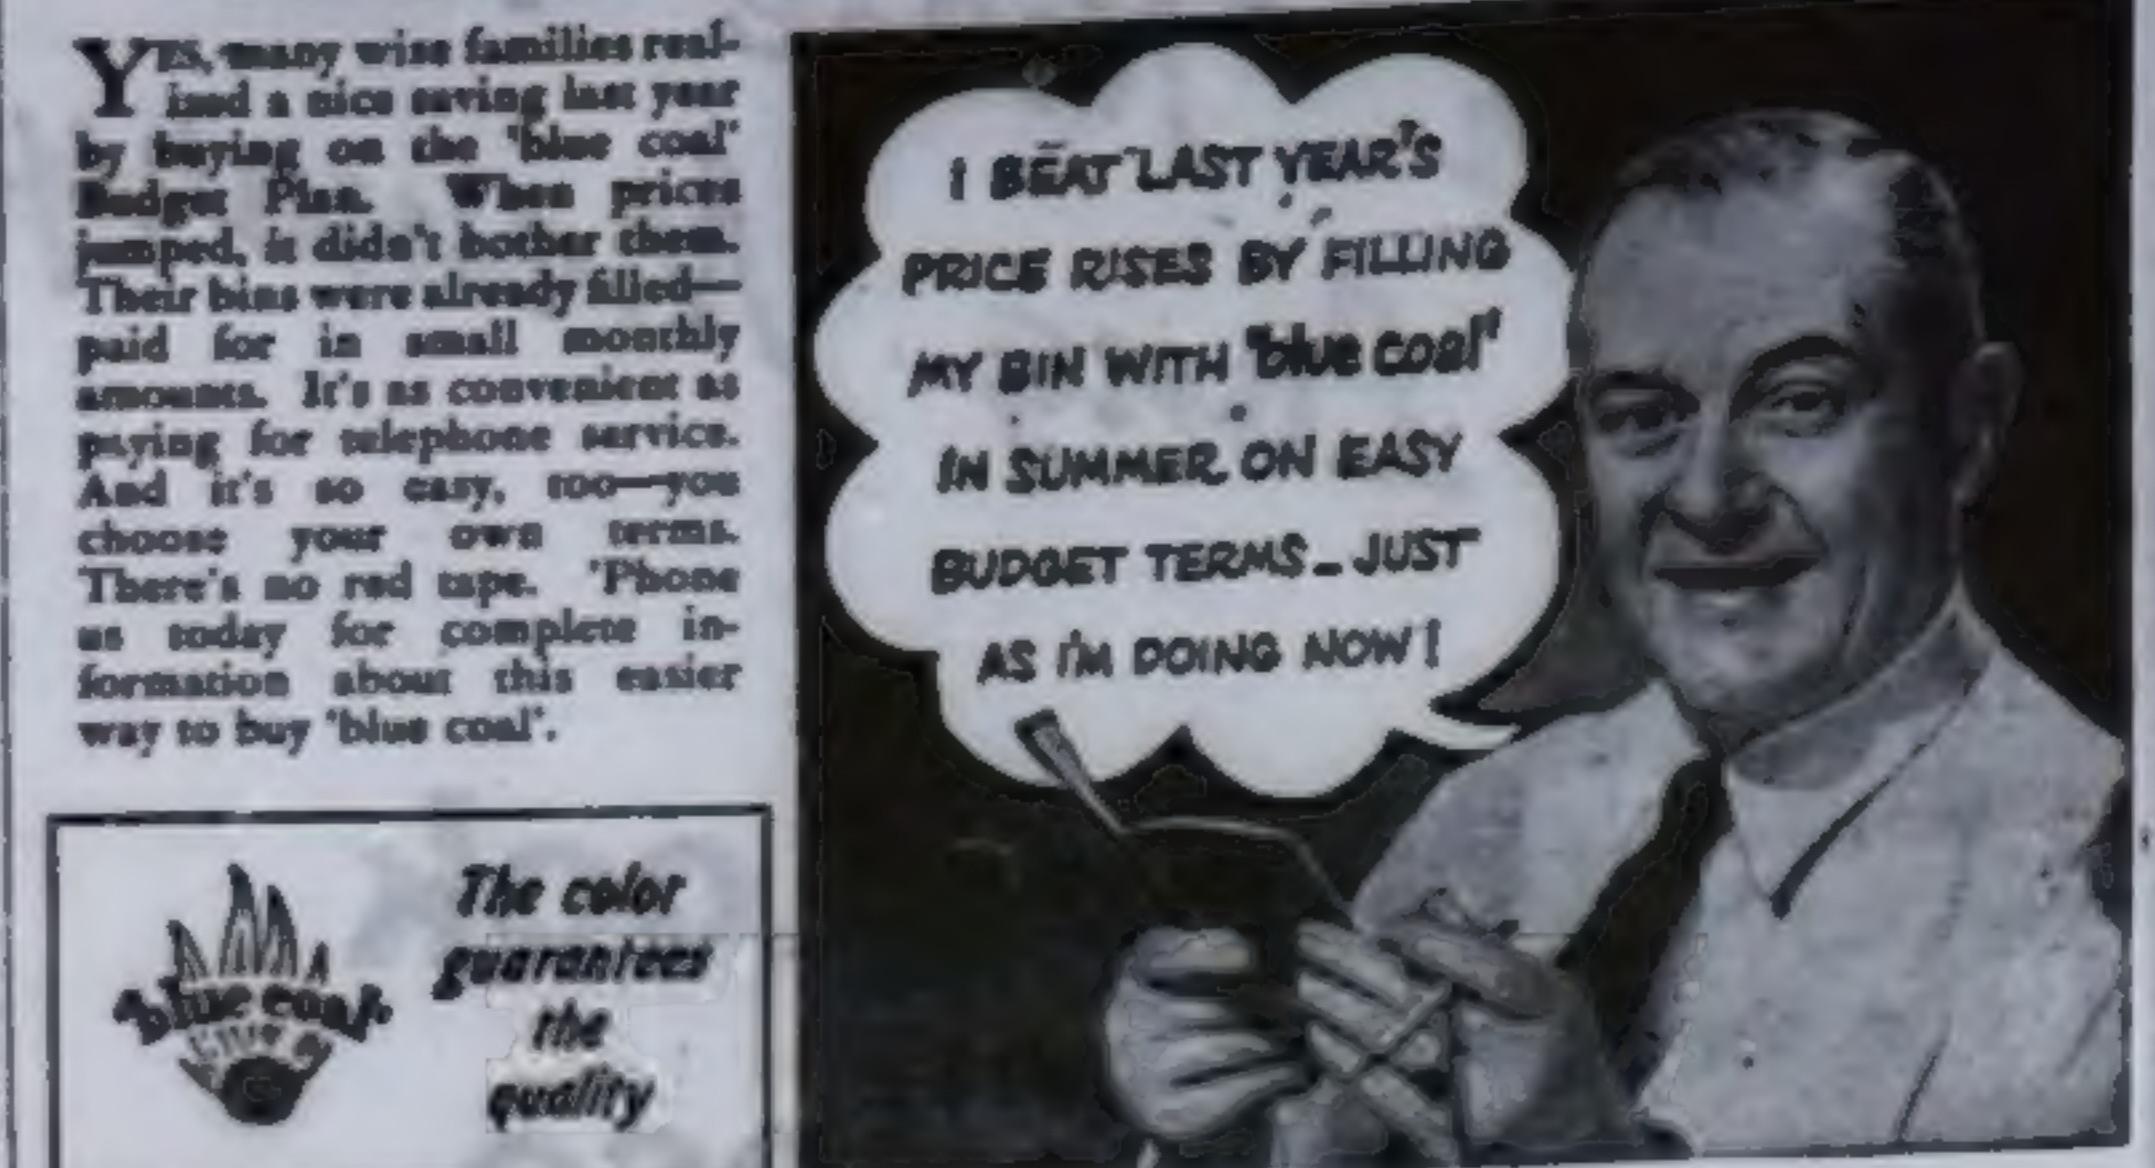

One of America's greatest bank robbers was George L. Leslie of Brooklyn, who, between 1880 and his murder in 1884, was the most criminal behind more than 50 bank burglaries. Unlike his accomplices, Leslie never spent a day in prison because he did not participate in the actual execution of the crime. Moreover, he was protected, when in trouble, by Howe & Hammatt, the notorious criminal lawyers, to whom, on one occasion, he had to

pay \$90,000. His most famous job was the looting of the Manhattan Savings Institution in New York before dawn on Sunday, October 27, 1878. Preparations for it required three years as Leslie obtained a intensive survey of the bank, obtained and studied duplicates of its various locks and then made a number of special tools. This was the largest bank robbery in U.S. history, the cash and securities taken amounting to \$2,747,780.—By Charles W. Cody, Worcester, Mass.

school children who cross there each school day.

The week went off quite smoothly except that the refuse time did not arrive on schedule Tuesday night and had to have their J. C. emblems welded into place on Wednesday before they were placed and bolted to the poles. Wednesday also saw the washing down of the Main St. area with fire hoses. For the part of the work the Chamber is indebted to Fire Chief Alf LePage and his men. The Jaycees are grateful as well to the various civic bodies and officials who cooperated so well and thus helped the campaign to a successful conclusion.

INSURANCE PROTECTS
on the Optimist boat and trailer combination was moving along exceptionally well, and expected that the boys' work committee would be aided substantially due to the very generous response of the public. The draw for the boat, which is complete with motor, marine light and trailer will be made at the Grimsby Beach Aquatic Meet scheduled for early August.

Steve Andreyshuk was authorized to immediately place a blanket insurance policy on every boy connected with the Junior Optimist Club, henceforth all boys will be covered while participating in sporting events and also while in transit to various events. Boating and swimming is not included in the blanket policy.

The Optimist Auction Sale is to be held at Harry Tuor's farm (Deer Park Farm) on Saturday, June 18, was discussed at some length. The Optimists are most appreciative of the many articles donated by the residents of the area, and are hopeful of having a large crowd on hand when the sale commences at 1:30 Saturday afternoon.

CORNERSTONE

When our forefathers came to this new land to establish homes for their families, one of their first acts was to erect an altar to their God; whether it were in the forest clearing under the sky—in the lowly cabin of a settler, or a crude log building set apart. God was ever present and man heeded the call to toil.

The development of our country during passing years saw the faith of the people justified. A greater growth of religious feeling and Christian service was evidenced by organized denominations building church edifices to house both congregation and Sunday School.

So it was in Grimsby . . . with the consummation of Church Union in 1925, Trinity United Church, formed from the congregations of St. John's Presbyterian Church and Central Methodist Church, made important decisions and plans, that the new Church might grow in usefulness, and expand the work of Christ and His Kingdom. St. John's became the House of Worship while Central was remodelled to become the Church Hall and Sunday School building, known as Trinity Hall.

To-day we are accepting greater responsibilities and challenges in Christian faith presented by an increased membership in both church and school, along with an active growing community.

In erecting this Sunday School building, we honour our sacred heritage and humbly pray that in laying this foundation for a new day, we remember

"Other foundations can no man lay, than that is laid, which is Jesus Christ."

come forward to take hands as the veterans with air ladies, and friends were present after which he left the hall with a party.

The Hall was beautifully decorated with red and white peonies, and iris, the walls were literally banked with blooms and credit for the decorations goes to Mrs. J. A. Biggar with her committee.

A tea table in the centre of the room was lovely with tall silver candlesticks, and decorated by a large rose bowl filled with pink roses and white pinks. It was presided over by Madames Roy Park, Harvey Basson, Sydney Jones, A. G. K. Nye, George Monroe. Assisting were Madames Maxwell Thompson, George Hunter, William McKinley, Reg. Baisley Harold Thomasson, Donald Eiter and Frances Fletcher. Misses Olive Jones, Sandra Biggar and Marian Wilkes.

The delicious lunch served to the guests was under the chairmanship of Mrs. J. A. Biggar, with her committee, Madames Roy Park, Harvey Basson, Sydney Jones, A. G. K. Nye, George Monroe. Assisting were Madames Maxwell Thompson, George Hunter, William McKinley, Reg. Baisley Harold Thomasson, Donald Eiter and Frances Fletcher. Misses Olive Jones, Sandra Biggar and Marian Wilkes.

A feature of the afternoon was the signing of the Guest Book by all the guests, after which several speeches were made by the representatives of the various Legion Branches. Mr. Walter Ellis read a telegram from District Commander Ray Mann expressing his deepest regret that he was unable to be present, and conveying his congratulations to the veterans of both World War I and World War II in the opening of the new Hall.

Past President Howard Hammell was the recipient of a Past President's Medal, made by Frank Leonard, M.P., on behalf of the Legion.

Major J. A. Biggar introduced Frank Leonard who stated that he felt privileged to be present, and that there was still a real job throughout Canada for the Legion.

Major J. A. Biggar, President of Winona Legion Branch welcomed the Lieutenant Governor and his party to the Hall, and made the introduction.

His Honour The Lieutenant Governor opened his address by lauding the loyalty and devotion of the Canadian Legion to the good work done by them throughout two wars. Their qualities, he said, have brought glory to the Canadian troops everywhere, and have made Canada a glorious place in which to live. And that Canada lives in harmony with her neighbour to the South, he continued, is another tribute to the men of Canada, as well as the freedom which Canadians can enjoy individually through the supreme sacrifice of men who died for unity, justice, and that freedom. "You men," he said, "are ex-servicemen. 'Ex' is a misnomer, because you will continue to serve and present unflagging loyalty to the Empire." That the Canadian Legion was renowned as workers for the protection of their veterans was also pointed out by the speaker, and that they were the first to perpetuate deeds of tribute to the fallen. It was, he concluded, a great pleasure to be present, and that as a representative of the King and Ontario, it was his duty to open the Legion Hall. He then declared the Hall officially open, and signed the guest book, after which Major J. A. Biggar extended an expression of thanks to the speaker.

If you want Chicks ACT NOW!

If you're going to raise chicks this year, better get going right away. There's still time to raise good roosters for the Christmas trade or your own table—but don't delay. Choose chicks with reputation for vigor, vitality, fast growth, early full development—Bray Chicks. Canadians have never willingly elected to power a government which has failed to remain faithful to the democratic principle of free enterprise.

By their insistence on retaining emergency powers granted for war only, the Liberals have confused and frustrated every branch of our economy by a mass of ever-changing orders and regulations. Canada's future, your own future and the future of your children hang in the balance. On June 27th, vote for the Progressive Conservative Party which will insist in government being the servant of the people—not the master!

ELECT BRUCE HILL Progressive Conservative Candidate

■ Farmer ■ Business Man ■ Soldier
A MAN OF PROVEN ABILITY

Bruce Hill, as the owner of a small successful business, believes in a maximum of freedom and opportunity for business men and insists on the full rights of the employees.

Bruce Hill, a farmer for thirty years, is familiar with the farmers' problems, and served as Secretary of the Ontario Vegetable Growers' Association, Toronto branch, with a 450 membership.

Bruce Hill fought for his country overseas and was decorated for bravery in the first world war. During the last war Bruce Hill was President of the St. Catharines Red Cross and The Ontario Red Cross, and went overseas visiting Red Cross hospitals. He also served as Lincoln County Sales Chairman for the Victory Loans.

Bruce Hill has travelled the length and breadth of Canada and visited many other countries. He has seen the growing menace of communism and believes that in the Progressive Conservative Party lies Canada's hope of turning back these dangers.

BRUCE HILL IS A MAN OF PROVEN ABILITY WHO WILL SERVE YOU WELL!

PUBLISHED BY THE PROGRESSIVE CONSERVATIVE ASSOCIATION

HIGHLIGHTS OF PLATFORM

TAX REFORMS

Income tax exemptions will be raised to \$1,250 for single persons and to \$2,500 for married people. Allowances for dependent children will be increased by \$200. The present heavy sales tax, which cuts the purchasing value of the dollar by more than the tax, will be sharply reduced. All unnecessary nuisance taxes will be abolished.

BETTER SOCIAL SECURITY

POLICE VACATIONS

claim his holidays for the year after nine months service.

Chairman of the Police Commission, Councillor Scott now took the floor. He stated that in the town during the last few months there has been what the Councillor termed "dirty, underhanded sabotage" against the town police force. He further stated that it was a well known fact who was spreading the talk and falsehoods concerning the force.

"I accept full responsibility alone for the action taken in giving the police their holidays," said Councillor Scott. "And I came here tonight expecting to get my fingers rapped."

He went on to say that it was nothing but talk (adding some adjectives) against good men and that at the present the town had better protection than it had ever had before. Councillor Scott invited the public to check the record of the present Police Chief against that of his immediate predecessor as to arrests made and convictions made if they wanted to see the improvement. "The test of a good force is that it has nothing to do and that is just what our present force is accused of," went on the Councillor.

"I have heard complaints that the telephone in the office is not answered. The reason for this is that we do not have enough men to keep one always at the phone and the telephone company refuse to spend time tracing."

his whereabouts when a call comes through."

In regard to holidays he felt that the Police had done an excellent job of cleaning up the town and had earned a good vacation. In this regard he referred to the improved conditions on Main St. on any Saturday night and again to a comparison of previous records to present ones being favorable to the latter. As for the Police Cruiser, that he felt was necessary in order that people in the farther reaches of the town could receive the protection to which they are entitled.

An example of the proficiency of the Chief of the present Force, the Councillor cited a case where a house was broken into but it was not discovered until the owner returned from Florida. The Chief followed a very cold trail to bring the culprit to light and then, since they were only juveniles, only gave them a severe tongue lashing in the absence of their parents. The owner of the house was so impressed with the work that he presented a complete finger print outfit to the town in order that efficiency might be still more increased.

As long as the Chief remains in town protection would be good, was the way that Councillor Scott felt but he said that if the whispering campaign continued he would call a special meeting of Council and ask the critics to have their say face to face with the Chief.

As a final point, the Councillor

reminded the gathering that he of which Mr. John Hewitt was the spokesman. He stated that a new Canadian had been given a verbal agreement by members of the council to build a fruit barn. Now, Mr. Hewitt claimed, there were eight or nine people living there with no water or facilities and without having a permit for a home. The residents of the street wanted the building moved back from the street.

Councillor Brown then asked about giving other town employees holidays which would correspond in length with those of the Police.

Councillor Scott replied that due to the amount of danger involved in the duties of a policeman and the nature of the work to be done, he could not be compared to any other town employees.

The Mayor reminded Councillor Brown that the Board of Works would settle its own holiday question.

There then followed some discussion of minor importance on the same subject after which Councillor Lothian said that he felt that the matter of holidays for the Police should have been brought before the whole Police Commission and not decided by Councillor Scott himself. Councillor Price concurred in this and said that he saw no fault in regard to the holidays or to the efficiency of the Police, but he felt that the matter should have been decided by the whole Commission.

Councillor Scott brought the matter to a close by stating that he had tried to call a meeting but that it had been virtually impossible to find a night suitable to all the men concerned. At last he had become "fed up" and acted on his own. He felt that his action had not been wrong but that in future a meeting would be called. The matter was dropped here.

Several other matters were taken up by Council. Two deputations appeared, one in regard to the appointment of a Community Representative Council for the town. Mr. R. C. Bourne spoke for this delegation which included Mr. George Nelles and Col. G. R. Chetwynd. They asked that a bylaw be passed which would officially appoint the following men to the Council: A. W. Arkell, Keith Brown, J. G. McGregor, George Nelles, R. C. Bourne, Col. G. R. Chetwynd and A. V. Cattoon.

Mr. G. A. Garvie of the Central Ontario District of the Community Programs Branch of the Ontario Dept. of Education appeared with the delegation and submitted a sample bylaw to the council. He offered to answer any question that the members might have and provided them with literature pertinent to the matter. A motion appointing the Council was passed later in the evening without a dissenting vote.

Another delegation appeared from Robinson St. South on behalf

of which Mr. John Hewitt was the spokesman. He stated that a new Canadian had been given a verbal agreement by members of the council to build a fruit barn. Now, Mr. Hewitt claimed, there were eight or nine people living there with no water or facilities and without having a permit for a home. The residents of the street wanted the building moved back from the street.

Councillor Braid clarified his position by stating that when the verbal permit was granted he understood that it was not to be held in the homes but on lot 236 behind lot 235 on which the house was to eventually be built. Also the building was only to be a 16x20 structure.

Clerk Bourne said that the building inspector had been up to the property and obtained a promise that the building would be moved back.

Mr. Hewitt claimed that this would only put it nearer the creek which would be worse.

The discussion was continued later in the evening at which time the matter of the permit for Mr. William Slavak was opened by Councillor Constable who was in favor of granting Mr. Slavak a further permit to build a house, but felt that the Dept. of Health should investigate the other conditions before a written permit was issued to back up the verbal one already given.

Reeve Price took the floor and stated that he felt it was the council and building inspector who were to blame for the situation since there had been no one present to tell the man exactly what to do with his building. Mr. Slavak had arrived, obtained verbal permission to build until such time as council would meet and grant written permission and had gone ahead and acted in good faith. Reeve Price felt also that the man still wanted to co-operate and would move his building back as it was desired of him.

A discussion followed in which Mr. Hewitt pointed out that the man had applied for a barn permit not a house permit and Councillor Grossmith reminded council that he could live in a barn if he liked as long as it passed health requirements. The Reeve then volunteered and was appointed by the Mayor to intercede with Mr. Slavak and got the house moved further back from

HOME ATTACKS

"Let me first tell the Hon. Clarence Decatur Howe that I am proud to be a son of 'Monkey Wrenches' as he calls them—that the men in my part have their living on the manufacture and sale of 'Monkey Wrenches' and that it ill befits a Minister of the Crown to ridicule our efforts—small as we are. In the matter of craftsmanship it hardly seems to me that the Minister is qualified to speak, having just been reprieved as optioning a \$20,000,000 Government investment for \$4,000,000."

"Not only do I brand as completely false the accusation that I attacked Government employees as such but, indeed, at Toronto, made the statement that I had a high regard for them as individuals and paid a particular tribute to the men in The Dept. of Trade and Commerce, his own department. What kind of a man is this who comes to St. Catharines and attacks and ridicules a man who has just paid a tribute to the men of his department. Was he trying to direct criticism from himself to his subordinates?"

"The Hon. C. D. Howe would be far better employed answering the charges levelled at him by George Drew at Fort William."

"I made it very plain and very clear at Toronto that I did not attack bureaucrats as individuals but a policy whereby Government hands over to bureaucrats the right to make laws by regulation and in addition accepts their decision as to policy."

"As it is hardly likely that a man in Mr. Howe's position would make such an attack without being in possession of all the facts I must assume that he deliberately misrepresented me in order to further his political ends."

SALTFIELD DEDICATION
Chairman of the Saltfield Soldier's Memorial Committee, Wing Cmdr. W. W. Peace, D.F.C., Digby Banting, Reeve of Saltfield Township Burton Corman, and F. B. Saman, Secretary of Saltfield Soldier's Memorial Committee. Seated on the left were the three officiating clergymen, Rev. A. E. Ongley Rev. G. E. Morrow, and Rev. James McLearn.

It was a scene strikingly incongruous. Lined at the left of the group were the blue coated Veterans Guard of Honour contrasting sharply with the scarlet tunics of the Royal Hamilton Light Infantry Band (R.H.L.I.). The deep green tunic of the Argyle and Sutherland Highlanders Pipe Band was side by side with the khaki clad boys and blue skirted girls of the Saltfield High School cadets, flanking the right. Behind the party a windstirred Union Jack fluttered against the tall beauty of the First War Memorial, and the old tree of an already historic setting rose even higher in the background.

The large crowd which attended the unveiling stood directly in front of the Memorial, while the next-of-kin of the fallen of World War II were seated to the right rear.

After a few words by Brigadier Armand Smith, Mrs. Lawson smilingly accepted a bouquet of roses, prettily presented by little Miss Georgia Cottington. An opening hymn was then sung, "Oh God Our Help In Ages Past" by the combined choirs of the Township church and the assembly, followed by a prayer by Rev. G. E. Morrow of Fifty United Church, Winona.

Reeve Digby Banting, after an introduction by Brigadier Armand Smith, introduced the Lieutenant Governor on behalf of the ratepayers of Saltfield. "It is," he stated, "a memorable occasion to have the King's representative so honour us." Mr. Banting pointed out that the late Col. Harry Cokahutt of Brantford had unveiled his first Memorial in 1922. He touched on the historic battle of Stoney Creek with the loyalty, sacrifice, of the community from that day onwards. Concluding, he lauded the untiring efforts of Lieut. Col. Lawson and his admirably performed duty in his country's cause.

His Honour The Lieutenant Governor preceded the unveiling of the memorial with a short address in which he stated that it was a great pleasure to be with those who needed the monument. In that moment to the fallen would be a tribute to the devotion and heroism of the men who "gave their lives to save ours in a world threatened with complete extinction." These men, he added, did not hesitate but abandoned their dreams and prospects to fight for us, while others who were married, some with families made an even sterner choice, and of these many did not return. He then paid tribute to the late Senator R. D. Smith, the guiding spirit in the erection of the first memorial in 1922, locally supported by private subscription and the ratepayers. He stated that Brigadier Armand Smith was, by sharing the deep feeling of his father that the memory of the fallen should be remembered in perpetuity, a "worthy son of a worthy father." Many of our

soldiers, he went on, died on foreign lands that we may have freedom, and it is to their everlasting memory that I unveil this monument. After a most apt quotation, "Every noble deed dieeth if suppressed in silence," His Honour unveiled the Saltfield War Memorial erected in "remembrance of citizens of Saltfield Township who made the supreme sacrifice in Great War II—1939-1945."

There was a deep hush from the large crowd as the sunlight touched the simplicity and beauty of the Stone of Remembrance revealed. The Stone, itself is cut from a solid block of granite weighing fourteen tons, with the names of the fallen engraved thereon. It is a part of an all round extension of the Memorial of World War I, finished in pebble concrete with steps cut in the solid granite of the stone itself.

The next ten minutes were unfortunately poignant. The Roll Call was read by Wing Cmdr. W. W. Peace, followed by the strains of a lament by the pipers of the Argyle and Sutherland Highlanders of Canada, led by Pipe Major John Cairns. Then, the unwavering sadness of The Last Post by the buglers of the Royal Hamilton Light Infantry Band (R.H.I.), and a two minute silence was observed by all present for the ceremony. Reveille rang out sharp and clear, and with the offering of a prayer by Rev. A. E. Ongley, St. John's Anglican church of Winona, the ceremony of Dedication was over. The crowd, led by the choir, joined in "Abide with Me."

An expression of thanks was heard from Mr. Burton Corman, and the placing of Wreaths of Remembrance was announced by Brigadier Armand Smith. His Honour The Lieutenant Governor placed the first of the many beautiful floral tributes on behalf of the King and the Province. Reeve Digby Banting placed the second for the Township, while Captain Fred Woodcock, blind veteran of Dieppe fame, laid the third on behalf of the veterans of the Township. Throughout the ceremony Captain Woodcock, his father, F. G. Woodcock, was custodian of the wreaths an office he has held since 1922. The next-of-kin of the Fallen laid their wreaths next, followed by the public presentation of their tributes also. "Oh Canada" was played after this touching demonstration of remembrance.

Concluding remarks were given by the Chairman, Brigadier Smith, who thanked the many taking part, and those not taking part but who had helped so much. He said the new monument was paid for entirely by the taxpayers of Saltfield, and is a replica of similar monuments throughout Europe and Canada. In that combined site, he pointed out was a fitting Memorial to both Wars giving due and proper attention to the men who died in World War II as in the first, without dividing the peace of Remembrance. The result of this planning is, he added, that the Memorial Services held on November 11th can be held at the same time, and in addition the Monument is in a central place in the Township, favouring no section but serving all of the Township.

A simple and moving Benediction was then given by Rev. James McLearn of Stoney Creek Presbyterian Church, bringing the afternoon to a fitting close. The assembly then gathered together in "God Save The King."

The Veterans Guard moved away, and the Lieutenant Governor stepped down to greet each of the next-of-kin of the many names on the Memorial.

The day will be remembered by all who were there. The question of a suitable monument for Saltfield has been discussed for some length of time. After this war when Brigadier Armand Smith assumed the Chairmanship of the Soldiers War Memorial Committee, he projected the question of what was most suitable for a monument to the Township Council. He consummated the plan into action with the approval of the Township Council, and taking into consultation veterans organizations and other suggestions as to what was needed. The monument which was unveiled during the afternoon, was a the outcome of the decision of those who planned for this memorial.

His Honour The Lieutenant Governor preceded the unveiling of the memorial with a short address in which he stated that it was a great pleasure to be with those who needed the monument. It will be the sacrifice given by those who died in the war, first and second. The new monument in its setting directly in front of the older one, stands on a raised platform on the tall Memorial. It reminds everyone of the historic battle of Stoney Creek, brings the past mind constantly, "while yet unsullied our ancient banner keeps its place of pride. Let none forget our great a debt we owe to those who died."

H. TUER ANNOUNCES

the spacious confines of this historic building, just moving recently to their new ranch house style home just east of the old homestead.

A few months ago, Mr. Tuers decided that the homestead would make a most suitable dining room, and immediately called in the carpenters, masons, decorators and electricians to start a program of renovation that is now nearing completion. What has transpired during this interval will surprise the public who will have the opportunity shortly of enjoying a farm style dinner which is to be the feature of this newest of Niagara dining rooms. Five rooms,

including a screened porch will provide accommodation for up to two hundred guests, who will dine in a setting still reminiscent of the past, yet enjoying the modern styling of today.

Mr. Tuers told The Independent that real honest to goodness charcoal steaks will be one of the principal features of the menu that is to be fashioned along the unbeatible farm style.

"We are going to do everything possible to give our patrons good food, and plenty of it," said Mr. Tuers.

It was only natural when seeking for an apt title for the location, that the word homestead

appeared, and so "The Old Homestead" seemed a very logical and descriptive choice.

Located just east of the Park School, No. 8 Highway, Grimsby Beach, the property is well back from the highway, and is landscaped beautifully with trees and shrubs, many of which probably date back nearly as far as the original building erected by the late Thomas Hewitt.

The official opening will be announced later on this month, so keep this "Old Homestead" in mind when your appetite beckons for some real honest to goodness old fashioned dishes as prepared by one of Canada's leading chefs.

CLUB

The June meeting of the Beaver Club, will be held on Monday evening next, at the home of Mrs. Eric Garthwaite, Grimsby Beach, at 8 o'clock. Cars will be at the Post Office at 7.45 o'clock.

DEATH

O'REILLY—Suddenly at her residence, 86 Glenfern Ave., Hamilton, on Wednesday, June 15, 1949, Lena Belle Beamer, beloved wife of Lawrence W. O'Reilly and dear mother of Mrs. J. Q. Stoddart. Resting at the J. B. Mariott Funeral Home, Hamilton, for service on Friday, at 2 p.m. Interment at Queen's Lawn Cemetery, Grimsby.

BIRTHS

ALLDRICK—Mr. and Mrs. Robert Alldrick are pleased to announce the birth of a son, Dani James, on Sunday, June 13th, at Mount Hamilton Hospital.

Mrs. D. A. Parsonsage of Grimsby, recently received her B.A. in General Arts from the University of Western Ontario. Mrs. Parsonsage started in the course which entitles her to an elementary teachers degree and then switched to General Arts. She received the degree June 4th.

Misses Olive Hooper and Alice Erdelyi are spending the month of June at Lumberlost Cottage, Grimsby Beach. Recent alterations to the cottage have made a great improvement in it.

Miss Betty Hand and Frances Dafoe have this week reopened their refreshment booth at Hand's Beach. The booth has been open for two summers now and is starting its third season this week. Miss Hand and Miss Dafoe are students at Queen's University during the winter months where both are enrolled in a General Arts Course.

IN MEMORIAM

BLAINE—In memory of our dear little son and brother, "Bobby", who passed from this life four years ago June 18th, 1945.

Four years ago, we had to part.

With little Bobby we lived with all our heart.

The wound is deep. It will not heal.

Only those who have lost,

Know how we feel.

So sadly missed by Mommy,

Daddy, Sister and Brothers.

GREEN TREES GUESTS

Mr. and Mrs. R. H. Main, Toronto; Mr. and Mrs. J. V. Tischman, Toronto; Mr. and Mrs. N. W. Hynes, Jr., Redlands, Cal.; Miss Peggy Hynes, Redlands, Cal.; Mr. A. V. Baron, Toronto.

Mr. and Mrs. H. W. Redman, Toronto; Miss Edith G. Brown, Toronto; Mrs. T. N. Williams, Toronto; Professor and Mrs. George Muller, Lansing, Mich.; Dr. and Mrs. A. K. Bennett, Marquette, Mich.; Mrs. Donald Oates, Lansing, Mich.

We wish to thank all those who helped to make the Tag Day a success.

SUCCESSFUL TEA HELD BY TRINITY W.A.

Beautiful weather and pleasant surroundings on Friday afternoon, June 10th, added greatly to the success of the tea sponsored by the Woman's Association of Trinity United Church at 66 Main St. East, the residence of Miss Margaret Allan.

Mrs. A. B. Griffith and Mrs. H. G. Harper received the guests and Mrs. E. L. Stonehouse was in charge of the receipts. Mrs. Bowring, President of the Service Club, and Mrs. McGee, Vice-President of the Grimsby Beach Circle, poured tea for the first hour.

They were followed by Mrs. D. Cloughley and Mrs. W. McNiven, Past Presidents. The table was centred with a huge bowl of nasturtiums and a lovely, embroidered cloth with silver and china made a beautiful table.

Mrs. R. T. Theal, Mrs. H. Gardner, Mrs. Grossmith, Mrs. MacAlmon, Mrs. Morris and Mrs. T. L. Dymond served the delicious cakes and sandwiches.

Medmises Pickett, Zimmerman, Bain, Pettit and Miss Margaret Allan helped in the kitchen.

The table of Home Baking was in charge of Mrs. Taylor, assisted by Mrs. Shefford and Dafoe.

As the guests arrived the table of excellent variety and splendid quality soon disappeared, making this sale a real success.

COMMITTAL SERVICE

The committal service for the late Ethel Baker Woolverton, wife of the late Theodor N. Woolverton, will be held in St. Andrew's Churchyard, Grimsby, on Monday, June 20, at 2.30 p.m., followed by a Memorial Service in St. Andrew's Church.

in St. Andrew's United Church at Three Rivers and some time spent as Deputy Conductor and Accompanist of the Three Rivers Choral Society. He also studied under J. A. Thompson, organist and musical director at Notre Dame Cathedral, Three Rivers.

In 1943, Mr. Mitchell moved to Ottawa, where he was organist and choir director at Glebe United Church until he moved to Grimsby in 1947.

The appointment of Mr. Mitchell as organist and choir master of Trinity United Church will take effect August 1st.

INACTIVE NURSES COULD GIVE AID

An appeal is being made to all inactive nurses, to add their names to a list which is being prepared in Grimsby and district of those who could assist in any emergency or disaster. They are invited to phone 729-J or write to Miss Grace Lewis, Grimsby.

OLD GRIMSBY FAMILY

The stout family tree of the Moores of to-day has many and varied roots deep in the soils of Ireland, England, France and this continent. When Captain Pierce Moore, of Grimsby, Upper Canada, married Orpah Woolverton (anciently: Woolerton) in 1805, an union was effected between two very old lines, for the bride was a descendant of one Sir Ralph de Woolverton of the 14th century. The Woolvertons, by the way, became united with the Barcroft, when Jonathan Woolverton wed Mary Barcroft in the Commonwealth of Pennsylvania in 1778. An ancestor of the bride, Gilbert de Berwick (Barcroft), was one of William the Conqueror's knights who accompanied the Norman invader from the fair land of France to the rarer one of England in 1066.

Mr. and Mrs. Ray Grant, Grimsby Beach, see Joyce Konkle, formerly of Beamsville, are happy to announce the arrival of twin daughters on Thursday, June 9th, at the Mount Hamilton Hospital. Heather Dawn and Maureen Lynn and mother are all well.

NAVY LEAGUE TAG DAY

Navy League Tag Day, held Saturday, June 4th, proceeds:

Grimsby 264.56

Grimsby Beach 11.16

Winona 72.10

Total 388.14

With little Bobby we loved with all our heart.

The wound is deep. It will not heal.

Only those who have lost,

Know how we feel.

So sadly missed by Mommy,

Daddy, Sister and Brothers.

GRASSIE NEWS

Mr. and Mrs. Fred Black, Stanley and Miss Jean Duck, motored to Guelph on Sunday, where they visited Mrs. Black's brothers.

The Ladies' Aid attended an afternoon tea, given by the Tweedside Ladies' Aid on Tuesday afternoon, the event being held in the Vimount Hall.

Miss Eleanor Lake of Hamilton, visited with her parents over the weekend.

The Grassie Girl's Softball team, which had a very good record last season, are again doing very well in early season exhibition games, prior to the opening of the league. They recently defeated Caistor 15 to 12, and held a five run margin over a Grimsby team in a second exhibition game.

Miss Betty Lou Walker has returned home after a visit with her grandmother.

WOLF CUB PACK

Forty-eight Cubs took part in last week's supper time hike. The main part of course, was the meal but the games that followed were greatly enjoyed. If you need advice on how to climb a tree see Bob Globe, especially for rapid descents. What ever happened to the egg on the stone frying pan? Six new chums were present and one of them showed the Pack what to do with Akela's cake.

will give all groups a chance to see the St. Catharines Boy Scout Kiltie

The parade on Sunday, June 18, Band and the troop of picked Scouts that will represent that city at the First Canadian Jamboree at Ottawa this summer. The Fruit Belt patrol attending the Jamboree will march as a separate unit.

The Wolf Cubs will meet at the High School at 1:15 on Sunday, ready to go to Beamsville for the Observation test at 1:30.

The parents and friends are invited to attend the March Past at the Beamsville Fair Grounds at 3 p.m., where the going-up ceremony and Scouts' Own service will take place.

This week's meeting will be held at the usual place and time.

HOMEMAKER COURSE BEGINNING TO-DAY

Women from many Ontario centres are gathering at the Red Cross teaching centre, 410 Sherbourne St. for the annual training and refresher course for visiting homemakers, concluding June 23.

This important home service, through which women are trained to go into homes in case of the mother's illness or absence in hospital, and take over responsibilities for the family, is an outgrowth of the Toronto Red Cross Visiting Homemakers Association. The service has expanded, so that there are now branches in 19 Ontario centres. Most recent additions are those in Galt, Etobicoke, Fort Arthur, Niagara Falls, Grimsby and Dundas.

Miss Nedra Hinton is director of the course, which will include lectures on such subjects as cooking, child guidance, housekeeping, budgeting and simple home nursing.

The service is given at rates adjusted to the family's financial circumstances.

When your hands are on the wheel, your life is in your hands. Take it easy. The time to prevent an accident is before it happens. To check accidents—check your car—and double check your driving.

Mrs. C. De la Plante and Julie have returned to their cottage for the holiday season.

Mr. and Mrs. Fred Thompson have moved in the "Comfort" cottage for the summer.

Dr. and Mrs. R. Frailek, Toronto, spent the weekend at the home of Mr. George Jarrett, Park Rd.

Mr. A. L. Knight has returned home from the hospital after his recent operation and is coming along nicely.

Mr. and Mrs. M. Webber and Mr. and Mrs. H. Dennison have moved from Hamilton to their cottages for the summer.

Mrs. J. J. Temple left Sunday for Indian Head, where she will visit with her daughter and son-in-law, Mr. and Mrs. Clifford Hunt.

Miss Louise Knight has returned to her home for the holidays from Providence, R.I., where she has been attending the School of Design.

Mr. and Mrs. R. Jackson and family, Cornwall, are spending a few days with Mrs. Jackson's mother, Mrs. A. S. Cooper. Mr. Jackson has been transferred to Hamilton's Reward Shoe store and they intend to move to this district.

Mr. and Mrs. Irvin Schott from Kitchener, and Mr. and Mrs. Frank Drew and David, Port Credit, were weekend guests of Mr. and Mrs. Walter Schott, after attending the wedding of Mr. John Schott to Miss Helen Wood at Jerseyville on Saturday afternoon.

Church service will start in the Boys' Tabernacle on Sunday morning, June 19th. Rev. Fred Manning will be the speaker. There will be morning service only during June at 11 a.m. During July and August there will be services at 11 a.m. and 7:30 p.m.

Mr. and Mrs. James Gillespie, Park Road, had a complete family reunion over the weekend. Their daughter Ester, also daughter Irene, her husband and baby son

1949 FRUIT CROP
exceptionally beautiful, as is the sweet cherry crop. What will happen if the drought continues for another week is problematical.

Professor E. F. Palmer has said that the situation is becoming critical. Mr. Palmer prefers not to make a hasty or unwarranted prediction, but he did say that the situation is becoming increasingly serious, and this will come as no shock to the hundreds of fruit growers who daily watch anxiously for some sign of a soil-drenching rainfall.

There have been longer droughts, but Mr. Palmer goes back to the early spring which he classes as definitely not average. The spring of the year, and during the late snow of winter is the time when the sub-soil must build up a reserve for the moisture seeking root systems of Niagara's trees. With

a very dry spring, sub-soil has not the reserve moisture to send out to the leafy laden trees. Without moisture, it is difficult to say just how the predicted bumper crop will prove to advantage.

It is quite likely that sweet cherries will be mealy but pit and skin—that peaches will be shrivelled shadows of the real silvers—that plums the size of grapes will hang on limbs unprotected by proper foliage.

Yet, the picture to-day is not a bright one. However, many, many times have the growers of this Garden of Canada faced the quirks of Mother Nature, whether it be in the form of rain—or the lack of same, below freezing temperatures when the blossoms are out, or any number of obstacles that each season seems to haunt the fruit grower.

The Independent, a weekly newspaper, also can be affected. Just as the grower, the shipper or the farm implement agent will suffer, all of us here in the fruit belt will know next winter how our friend the fruit grower made out this summer.

Last Sunday prayers were offered in many churches for life-giving rain.

It is very difficult for the grower to be optimistic at this stage of the game. Surely the sound of falling raindrops would be the most pleasant sound in the world to thousands of people dependent on this summer's crop. Let us hope that the prayers offered in many churches will be answered.

AUTOMATIC SIGNALS
not be feasible to install automatic signals. After an inspection of the Kerman Avenue and Nelles Road crossings, it was decided that the view and the traffic was such as to warrant the installation of two automatic flashing red signals and a bell at each one.

Mr. George Robertson appeared wishing to know details of what work he had to do in order to have water brought into his home. He was provided with this information.

A petition was received from some of the residents of Main St. east in regard to the practice of Mr. Hugh Cole of keeping his dump truck and equipment on a lot across from his home. Mr. Herman Terry, the Sanitary Inspector, was questioned as to the regulations of the Dept. of Health in such a case. Mr. Terry stated that, unless there was some deposition of material caused as refuse on the lot, there was no regulation to restrict its commercial use since the taxes were in order and it was not in a restricted area.

Reeve Aikens agreed and said that it was a matter for a civil action if this proved necessary.

The whole question led to the discussion of another matter, when Councillor Bartlett took the floor. He stated that he admired the aggressiveness of a young man who started his business and made it pay as Mr. Cole had done but he felt that it would be a good idea if, in order to prevent a recurrence of this situation, the county was divided into zones, certain ones of which would be restricted residential areas.

Reeve Aikens pointed out that the council did not have the power to divide its area of authority into zones, that all regulations must apply to the township as a whole. The township he said could not be classed as a residential area.

Mr. Cole affirmed his intention of improving the lot and making an attractive business location of it and on the strength of this the council passed a motion agreeing to do nothing.

A letter from the Dept. of Lands and Forests was read offering to divide the usual number of Pheasants to the district to be released. The offer was accepted with the number of birds understood to be in the vicinity of 150. Dep. Reeve Bartlett asked permission to take a box of birds to be released personally as a lesson in natural conservation to the children. Permission was granted. A grant of \$25 was made to the game warden to pay for the wire to make release cages.

The following correspondence was dealt with: A notice from the Niagara District Indigent Funerals Association to the effect that the rate for indigent funerals was to be raised to \$100; a notice from the Dept. of Lands and Forests that Beamer Memorial Par could be declared a game preserve (anid flower) without permission from that Dept. since it was on private property; a letter from the Dept. of Municipal Affairs reminded council that a school for civic officials is to be held in St. Catharines for one day on June 28th.

An adding machine was purchased by council for the price of \$275.00 to be paid by the Roads Committee. The trustee appointing James Beamer of Grimsby as Road Superintendent was read the required three times and passed. Outstanding accounts were paid and it was agreed that the council should meet with the Grimsby Water Commission in regard to the water rates.

The following building permits were granted: Harry Peuler, a house; H. S. Moore, to move a house; W. F. Williams, a house; E. J. Gadsby, a one room addition to their factory; Mrs. Sperazini, a summer cottage.

**CONTROL PEACH SCAB
BROWN ROT**
SULFORON
(MICRO-FINE WETTABLE-SULPHUR)

SULFORON is one of the safest sulphurs to use with arsenicals. It is milder, easier on fruit and foliage, than lime sulphur. Its micro-fine particles penetrate the fuzz on fruit and the undersides of leaves and get right through to the surfaces where protection is most needed.

EFFECTIVE AT ONCE

SULFORON becomes fungicidally effective immediately after application. It is freely wettable, stays in suspension, and will not clog spray nozzles.

For scale control, use **SULFORON** throughout the spray schedule. For control of brown rot, apply as dust on ripening fruit. 6-lb. and 50-lb. bags.

FIREFMEN DROP 4-0 VERDICT TO CALEDONIA

Showing great improvement over their first start of the season in Caledonia, the Grimsby Firemen experienced one bad inning to drop a four to nothing decision to the Caledonia nine at the school grounds last Saturday night. Doug Aiton pitched nice ball in his first start of the season, striking out 12 and walking only one while allowing five hits to the winners. For the Caledonia team Morrison went the distance and allowed only two hits, struck out six and walked none. The game was tight until the top of the third when the visitors scored three, and having already scored one in the second made it four to nothing. No further scoring ensued but the Firemen threatened in the last of the seventh when Warren and Aiton were both robbed of long hits by sensational catches on the part of Federko and Gordon. Warren was behind the bat for the locals, Babe caught for Caledonia.

DIVER'S SUIT ORIGIN

Most people would declare that the diving suit is a modern invention, but here are particulars of a patent granted to John Stapleton in 1898:

"A new engine so by him contrived as to permit a person enclosed in it to walk under water, and of a newly-invented way to force air into any depth of water to supply the person in the said engine therewith and for continuing a lamp burning under water; also a way to purify the air so as to make the same serviceable for respiration."

Jackson's Bread _____ 6 7 5

Smithville 18, Tapleytown 7

Smithville increased their stock in the Fruit Belt, as they turned back Tapleytown by an eighteen to seven score. The game was played at Tapleytown on June 8. Packham kept the losers off the score sheet until the sixth when they got to him for four runs, and added three more in the eighth when Johnny Beloit was waved in to finish for the Smithville outfit.

Smithville bats cracked sharply right from the first inning, when three runs crossed the plate. Adding a big seven in the third, the 1948 champs cruised on gradually working their total to eighteen. Errors were very numerous, eighteen being committed, eleven of these by the Taps.

Stoney Creek 9; Peach Kings 8

All good things come to an end, and the axe fell on Friday night for the Peach Kings, who, despite a thrilling ninth inning rally, lost their first Fruit Belt game in five starts, going down by a nine to eight score to the Stoney Creek nine.

With Frank Bouk on the mound for the Kings and Baker working the hill for the Creek, the contest was well played throughout, and a large crowd enjoyed the full nine innings. The winners scored two in the second and added a single in the third, before the Kings bounded back with a three run rally in the fourth to tie the score. Bobby Neal scored the tie-breaker in the sixth, but Cy Pegg's homer with one on gave the Creek a one run lead in the seventh. The eighth was scoreless, but in the top half of the ninth, the Creekers got to Bouk for four runs which appeared to be sufficient to seal the game away. Trailing by five runs, Bentley was first up and struck out, then Warren got on base via the error route, which started the parade which loaded the bases. Hiltby Holder, Robertson, Neal and Mason scored four important runs, but the rally died with the Kings seeking the equalizer as Bouk popped out to first.

HANDS IN TRAINING...FOR ONTARIO

Learning Business Practice

In Ontario the wheels of industry turn for the benefit of every single one of us. Our lathes, dynamos, drill presses, farm combines, tractors, business machines, etc. are producing goods and services which earn dollars. These dollars provide food, clothing, medical care and other necessities which contribute to our security and high standard of living. Every single one of us, therefore, has a very personal interest in the flow of a steady supply of trained workers to industrial plants. These workers will operate machines which are important to our way of life.

We should appreciate, then, the co-operative efforts of government, industry and labour in the field of employee training. In schools and in factories our workers, young and old, are given the opportunity to develop new and specific skills in every field of business and industrial activity. For instance, every effort on the part of office workers to become proficient in typing, filing, shorthand and secretarial work, will mean greater business efficiency—will help to make Ontario a finer place in which to live and work.

THE BREWING INDUSTRY (ONTARIO)

One Way of Life Rewards Trained Hands

Ontario workers know they can earn more, have executive responsibility and enjoy a higher standard of living in direct ratio to the skills they acquire and the way they make use of them. That's always true in a free economy—that's why our competitive system will continue to make Canada great and a great place in which to live.

Wed., August 3rd—
Yonge St. at Grimsby Beach.

Deaf, dumb and unable to read or write. Being unclaimed and helpless, Jerome, as he came to be called, was cared for by one Metaghan family after another until his death in 1912. As he did not speak or write a word during his 52 years among them, the villagers never learned who he was, whether he was acting, nor how he, far from home and unable to walk at the time, happened to be found on their beach.

CCF MEETING

E. B. JOLLIFFE

C.C.F. Leader of His Majesty's Loyal Opposition,

Ontario Legislature

AT MASONIC HALL, SMITHVILLE

TUESDAY, JUNE 21st, at 9 P.M.

Allen Schroeder, C.C.F. Candidate for Lincoln

Everybody Welcome

*This is a
family affair*

**YOUR FUTURE . . . AND CANADA'S**

Conditions have been good the last few years. More people are working than ever before — making more, spending more, saving more.

Isn't that what you want? After all, you have a family to think about . . . and you are planning for their future . . .

The Liberals are planning and working for your family's future too!

Here are some of the things the Liberals are doing:

For this employment, Liberal measures are helping to maintain employment in Canada at record levels, and at the same time unemployment insurance reserves have been building up. The government has encouraged enterprise and high production. Plants have expanded, new industries started up. New opportunities are being created every day.

Old Age Pensions and pensions for the blind have been steadily increased by the Liberal government. But it isn't stopping there. Its aim is a nation-wide plan of contributory pensions which will help everyone to enjoy a comfortable and secure old age — automatically and as a right.

In housing, too, the Liberals have taken the lead in providing Canadians with decent homes. More homes have been built in Canada, in relation to population, than in any nation. Already a million Canadians live in homes built since the war. The liberal government is ready to help solve the low-rental housing problem and has offered its cooperation to provinces and municipalities.

Then, there is the liberal health program. Already federal grants are helping the provinces to increase their health services. But the Liberals' aim is a nation-wide contributory health insurance plan which will end, for everyone, the tragedy of inadequate health care and the financial strain of lengthy illness.

MAKE SURE THE WORK IS CARRIED ON

CARLING'S CONSERVATION CORNER

Woodpeckers protect trees by eating tree-killing insects. In addition, their discarded nests (woodpeckers make new nests every year) are used by tree-nesting birds. These valuable game birds are likely to be scarce, where woodpeckers are scarce. Woodpeckers should be protected for the double role they play in keeping nature in balance.

Stuff 'Round Town

In 1948, and times have changed, and besides, and furthermore . . . he probably wouldn't like what his ever lovin' was cooking for supper anyhow. So after many many root beer floats in the chrome and glass our hero, mother and the sweet little ole' innocent are having a gay time, and continue to do so until our hero just managed to salvage enough of the folding stuff to send mother and the sweet little ole' innocent back to the farm. Chivalry is far from dead.

BREVITIESEVENTS and TOPICS
of the WEEK in
TABLOID

County council meets next Tuesday.

Lions Club meets next Tuesday night.

Optimist Club meets next Thursday night.

Lions Carnival, June 30th, July 1st and 2nd.

St. Joseph's Garden Party, Friday and Saturday nights, June 24 and 25th.

Cyril Freeman is the buyer of the two Waismann houses and land at Numbers 20 and 24 Oak St., now occupied by Andy Henderson and Mrs. James Gowland.

CONTINUATIONS

From Page One

GRINNING SKULL

three large cracks across his cranium but we feel sure that these are nothing to worry about.

The editor has evolved two theories about Oscar's past, either of which MIGHT stand up under investigation. One was that a local man brought Oscar from the city of Kingston (maybe he was the first Chancellor of Queen's) and presented him to erstwhile Chief of Police Turner.

Another theory is that Oscar first came into prominence at a hockey game. Early in the season of 1925 the Peach Kings went to Hamilton to meet the Hamilton Beavers in Intermediate "B" competition, (the P.K.'s won). Out onto the ice at half time rolled a couple of the boys equipped with a pair of "gallipping dominos" and Oscar who they used as a shanty for said dominos. Irate Hamilton Police quickly removed the boys, the dice and Oscar. This theory doesn't explain how our friend got from Hamilton down here.

Well, wherever he came from, Oscar now resides in the office of The Grimsby Independent. He appears to be very happy about the whole thing. Anyway he's wearing a wide grin.

The population of Newfoundland, 320,000, is less than that of Greater Vancouver.

You can tell if he washes his hands frequently. Nicotine fingers don't show on frequently washed hands.

ASSISTANT AGRICULTURAL
REPRESENTATIVE FOR
LINCOLN COUNTY

Mr. G. E. Nelson has been appointed Assistant Agricultural Representative to the Ontario Department of Agriculture at the St. Catharines Branch. This is the first time that Lincoln County has had a regularly appointed Assistant.

Coming originally from a farm in Northumberland County and graduating from the Ontario Agricultural College, Guelph, in 1945, he comes well recommended. Mr. Nelson has acted in four other counties viz: Perth, Huron, Norfolk and Elgin. He has been working in Elgin County during most of the last year.

Mr. Nelson is married and his wife expects to move to St. Catharines as soon as arrangements can be made for a suitable home, which is difficult to secure at the present time.

Agricultural Representative, E. F. Neff, gives a warm welcome to his Assistant and feels that the residents of Lincoln County will benefit largely through the appointment. We are sure that the rural people of the County will give Mr. Nelson their loyal support.

Early this Spring the Club secured permission to clean up the property west of the Forty Creek and opposite Newson's. For years this has been waste space and had grown into a "jungle." The Lions have cleaned this up and are now developing this property for use as a Park. Already over 300 truck loads of earth have been used for fill and the work of filling and grading is continuing. In a year's time this will be a place of beauty instead of an eyesore.

All of these projects cost money which the Club must make. In supporting our Carnival, the money you spend will be put to good use.

EVENT OF THE YEAR**WATERLOO BAND FESTIVAL, SAT., JUNE 25th**

Largest Musical Event on the Continent. Over 80 Bands; Bugle and Trumpet Bands; Piano Accordion Bands; Soloists; Beautiful picnic grounds. Come early and stay all day and evening. Entertainment from 8:00 a.m. to midnight.

Ample Parking in Grounds.

WATERLOO PARK, WATERLOO, ONT.

WANT JOB PRINTING? — OUR SERVICE IS THE BEST

Grimsby Lions Club**YOUR CHILD'S WELFARE IS
OUR FIRST THOUGHT****"CIVIC IMPROVEMENT COMMITTEE"**

The duties of the Civic Improvement Committee of the Lions Club are too numerous to mention in detail, but in general they are as the name implies to improve our community, and make it a better place in which to live.

About a year ago the Club erected a grandstand at the public school grounds which cost about \$2,300.00. This grandstand was badly needed, as for years people attending the games had to stand. Now they can sit in the stand and watch the game in comfort.

Agricultural Representative, E. F. Neff, gives a warm welcome to his Assistant and feels that the residents of Lincoln County will benefit largely through the appointment. We are sure that the rural people of the County will give Mr. Nelson their loyal support.

PRINTER'S HEADACHE

Social precedence in Great Britain involves so many factors that the abdication of Edward VIII and the accession of George VI in 1936 changed the ranking of several thousand members of royalty, the peerage, baronetage and knighthood. Consequently, the 1937 edition of Burke's Peerage contained 26,500 corrections and additions, or a far larger number than were necessary before in any single year.
